

SAMPLE SEARCHES

Once you are ready to search, you can start by either entering the search term in the search box or using various browsing options at the top of the page. Reports can be browsed by:

- Topic—roughly 30 different topic categories
- Date—reports going back to 1923 for 90 years’ worth of content at your fingertips
- Issue Tracker—relevant reports on similar topics, making it easy to follow key topics through time
- Pro/Con—arguments typically written by leading experts, commissioned exclusively for CQ Researcher and organized by topic

“abortion”

Let’s do a quick search on a topic. Let’s search on “abortion,” since it is consistently one of our top searches. The search result displays report titles and the topics that they fall under. Please note that our search results default to a relevancy display and not a date-ordered display. That’s why “Roe v. Wade” is displayed as one of the first search results even though it was published in 1997. You can change the search function to a date-ordered display if you prefer.

The screenshot shows the CQ Researcher search results page for the keyword "abortion". The page includes a search bar at the top right with the text "Search by keyword...". Below the search bar, there are navigation links for "HOME", "BROWSE TOPICS", "BROWSE REPORTS", "USING CQR", "LIBRARIAN ACCOUNT", and "ABOUT". The search results are displayed in a table with columns for "Title", "Date", and "Topic". The results are sorted by relevance. The first result is "Roe v. Wade At 25" dated 11/28/1997, with the topic "Abortion, Contraception and Reproductive Issues". Other results include "Abortion Debates" from 3/21/2014 and 9/10/2010, "Abortion Showdowns" from 9/22/2006, "Abortion Debates" from 3/21/2003, and "Abortion Clinic Protests" from 4/7/1995. A red arrow points to the "Abortion" topic in the "Short Report" section, which is highlighted with a red circle containing the number "1".

You'll also note that some topics have a symbol next to them indicating that they are among the 20 hot topics listed on the home page.

Let's select a report and choose "Abortion Debates." Each report is roughly 13,000 words and broken into 13 sections. The sections are listed on the "left nav."

The screenshot shows the CQ Researcher website interface. The left navigation menu is expanded to show the 'Overview' section. The main content area displays the title 'Will the Supreme Court impose new restrictions?' by William Wanlund, an introduction, and a photograph of a woman at a rally. An 'Issue Tracker' sidebar on the right lists related reports from 1973 to 2014.

Reports begin with an **Overview** section, followed by three debate-style issue questions and then a **Background** section that provides historical context. Next is the **Current Situation** section, focusing on where the topic stands today, followed by a forward-looking **Outlook** section.

2 Also notice the "Issue Tracker" which allows users to track reports published on a particular issue back to 1923.

Reports are extensively footnoted, providing students with online links to cited articles for additional research. Also, each report has a **chronology** showing the topic's progression through time. In this case, we can see that debates started as early as 1973.

The screenshot shows the CQ Researcher website interface with the 'Chronology' section expanded. The chronology table lists key events from 1973 to 1992, including the Supreme Court's landmark Roe v. Wade decision and subsequent legislative actions.

Year	Event
1973-1989	Supreme Court establishes constitutional right to abortion, igniting ongoing political battles. Court later upholds some restrictions, strikes down others.
1973	Supreme Court's landmark Roe v. Wade decision establishes constitutional right to abortion.... In Doe v. Bolton, the court strikes down a Georgia law requiring a woman to get approval from three physicians before having an abortion.
1976	Congress passes Hyde Amendment banning the use of Medicaid and other federal funds for abortions.
1979	Supreme Court rules unconstitutional a Missouri law requiring abortions be performed in hospitals after the first trimester.
1983	Supreme Court declares unconstitutional an Ohio law requiring a 24-hour waiting period before an abortion, parental consent for abortions on girls under 15 and that abortions after the first trimester be performed in a hospital.
1989	Supreme Court strikes down a Washington state law declaring that "life begins at conception."
1990s	Court broadens states' right to regulate abortions; abortion opponents try to get the court to chip away at Roe.
1992	In Planned Parenthood v. Casey, the Supreme Court reaffirms Roe's holding that states may not ban abortions out, upholds mandatory 24-hour waiting periods and parental-consent laws.

Reports also include a bibliography, short sidebar features, plus visuals such as maps, graphs, and tables to help students delve deeply into issues.

Each report ends with “The Next Step,” which offers links to additional resources to guide students to the logical “next step” in their research. This is a great guide for novice researchers.

If you’re seeking authoritative content and analysis on important social and political issues, you’ll appreciate **CQ Researcher**’s deep coverage spanning over 90 years.
